“ Robert was one of the few attorneys who could aggressively advocate for his client and be pleasant at the same time. We will all miss you.

“ Rob was one of the first people I met at Harvard. He was always generous and supportive, kind and funny. I was so sorry to hear from my former roommate and his good friend Corliss that Rob had passed. To the family - please find comfort in the wonderful memories I know you cherish of your time together. Rest In Heaven Rob.

“ Robert and I were one of the few African Americans who attended the one one week Student Government Camp in the Summer of 1972 at what was then SCA ... now UCA in Conway. It was leading up to the first year of integration. He was smart, engaging and was able to cross racial lines back then. RIP Rob!

“ You will be truly missed Rob. I could not help but admire you for your intelligence, wisdom and humbleness. You remained humble even after achieving great accomplishments. You made the class of 1973 so proud.

“ I was so proud of my uncle when he graduated from Harvard University. I didn't realize the significance at time because I was so young. As I got older, I came to appreciate the excellence of that achievement. He was a very hard worker and very studious.

My next memory was when I was a rebellious teenager. I ran away from home and somehow made it to Rob's apartment which was my mom's old place. So I knew how to break into it and stay there while Rob was out of town. I remember burning something and Rob came home from out of town to an apartment filled with smoke. Of course he was upset, who wouldn't be but his reaction I will never forget. I was expecting him to yell and curse but he didn't. He was frustrated with me and at the same mild. He just calmly took me home. I appreciated that because if he had reacted harshly I probably would have run away from him too and who knows what trouble I would have gotten into. That experience was very important in my development as a person and I thank Rob for his Christian reaction to me.

“ Rob loved chuckling and sharing the story about how I was the first person he met on Harvard's campus our Freshman year. Why it was funny is because I didn't go to Harvard. My college, a couple of hours away, had started a week or two earlier so I had come down to greet friends on their first day there. That meeting turned into a forty plus year friendship. I have a great pic of Rob holding my now 24 year old son when he was about 3 weeks old, whose birth he had come to help celebrate. We didn't get to see each other often these last several years but always connected around birthdays or through Corliss. He was another brother to me and I will miss him terribly. Rest In peace and glory dear friend.

“ Robert and I sang in the choir together. We bonded as we drove to West Helena Arkansas and then to Mississippi to sing. From then on, we were buddies. I am hurt to hear of his passing and pray live and light over his family.

“ I am the oldest niece of Robert and I always looked up to him. He was the uncle that his nieces and nephews were close too. He was the uncle we could talk to, the uncle we laughed with, the uncle we sat at the table and ate together, the uncle we were able to praise God together. I will truly miss him but the memories will be forever

“ I have been a contemporary, protege and friend of The Kinchen Family my entire life. My Mom, Ms Josie, was a contemporary and lifetime friend of Ms. Essie. Sammie Lee and I were classmates (Eliza Miller Hi, Class of 1961); Ezekiel Jr and I were the same age; John Ester was a year or two ahead of me and Laly B was a classmate of my oldest Brother, Donald Williams (Eliza Miller, Class of 1957). I remember Rob when he was a Toddler on Holly St. I witnessed the incredible bond that My Sister, Linda Hall, and Rob shared. They had ultimate Trust and Reliance on each other to his Final Day on Earth. Condolences and Strength to His Family and Friends and May He Rest in Peace for Eternity. Larry E. Williams, Esq.
