“ I have known Johnny for 50 plus years and he always was a bundle of joy...Keeping us laughing....But my fondest memory, was on Thanksgiving. He walked up to me and asked me, Orlando how can I be like you....my response was simple, no matter what life has dealt you, turn your life over to God. Repent of your sins and ask For forgiveness. His response was is that what it takes to be like you. I told him that is what God requires of us... To his family, may God comforts each of you...and know Johnny is in a better place....
