“ I would like to say that I have been known Renee for a very long time. It was a pleasure i've been knowing this lady since I was around 12 years old our grand parents live behind one another. But I just wanna be this with you. I've never lost a mother, but I know the words that gotta be your mother when your mother is and a father when your father is so I just would like to tell the kids to look to the heels which come off their hip cause all your help come from the Lord and just continue to make Renée proud and keep her name alive.
