“ Davis family, I am at a lost of words in the passing of Princeton, he was my second grade class over twenty years ago at Forrest Hills Elementary school. He was a smart young man, and always had a sweet smile on his face. He was so kind and his classmates loved him. Princeton never talked much, he worked hard to make good grades which he did. He always made my day with his smile. Over the years I would see him and he be smiling and I would get a big hug from him. I would always ask Mrs. Davis about him and she would smile. I will keep that smile in my heart, just loved him. Praying for your family for strength, peace, comfort today and the days ahead. Much love for your family. Mrs. Shirley W. Thorn, your former second grade teacher.
