“ *Sadarrica and I met our first year of high school and we became friends instantly she was so down to earth and we had so much in common with one another. We stayed friends throughout our adulthood and we truly did laugh and cry together but most of all we were always there for each other. She had such a great personality she was funny, sweet, caring, and an amazing mother. We talked to each other about everything and she never judged me and I never judged her, we had a true genuine friendship and wanted nothing but the best for one another! I am so thankful that I was able to have a REAL friend like her in my life....*

I'm gonna miss my best friend soooo much. I am sending my condolences and love to all of her family, you all are in my prayers
